Pay Multiples

Relationship between the highest and lowest paid employees

Our definition of our 'lowest paid', are employees on Grade L, Spinal Point 3 who currently receive £23,555pa, or on a pro-rata basis if they work for less than 37 hours per week. This

definition does not include those working as apprentices who are paid in compliance with the National Minimum Wage guidelines.

The current pay levels define the multiple between the lowest paid (full time equivalent) employee and the [Chief Executive] as [1:5] and between the lowest paid employee and average chief officer as [1:4]. The multiple between the median (average) full time equivalent earnings and the [Chief Executive] is [1:3] and between the median (average) full time equivalent earnings and average chief officer is [1:2.5].

Creditor Payment performance

Regulations around procurement changed in 2025 and now have different disclosure requirements. However, PCR2015 is still in force for all contracts/procurements that were entered into prior to 24 February 2025, and also any call-off contracts that were entered into (even if this was after 24th February) which fall under Frameworks established prior to 24th February 2025. Therefore we are continuing to publish, in line with the Public Contracts Regulations 2015, regulation 113(7) the following information on the payment of invoices within 30 days from validation on an annual basis.

Annual Invoice payment performance
