

## Reduction in Tourism in the Lake District National Park

Comparison between KTP, the National Park overall and Coniston.

Coniston — Percent reduction, based on data from Parking Eye.  
Data only available from 2010 until the system was removed in autumn 2014

KTP — Estimated percent reduction of 1.9 to 2.1% year-on-year

Lake District, general — From STEAM data, via LDNPA.  
Data only available from 2009 until 2012
