Rusland Woods: Thwaite Head Woods - compartments

Thwaite Head Woods: constraints - heritage and people

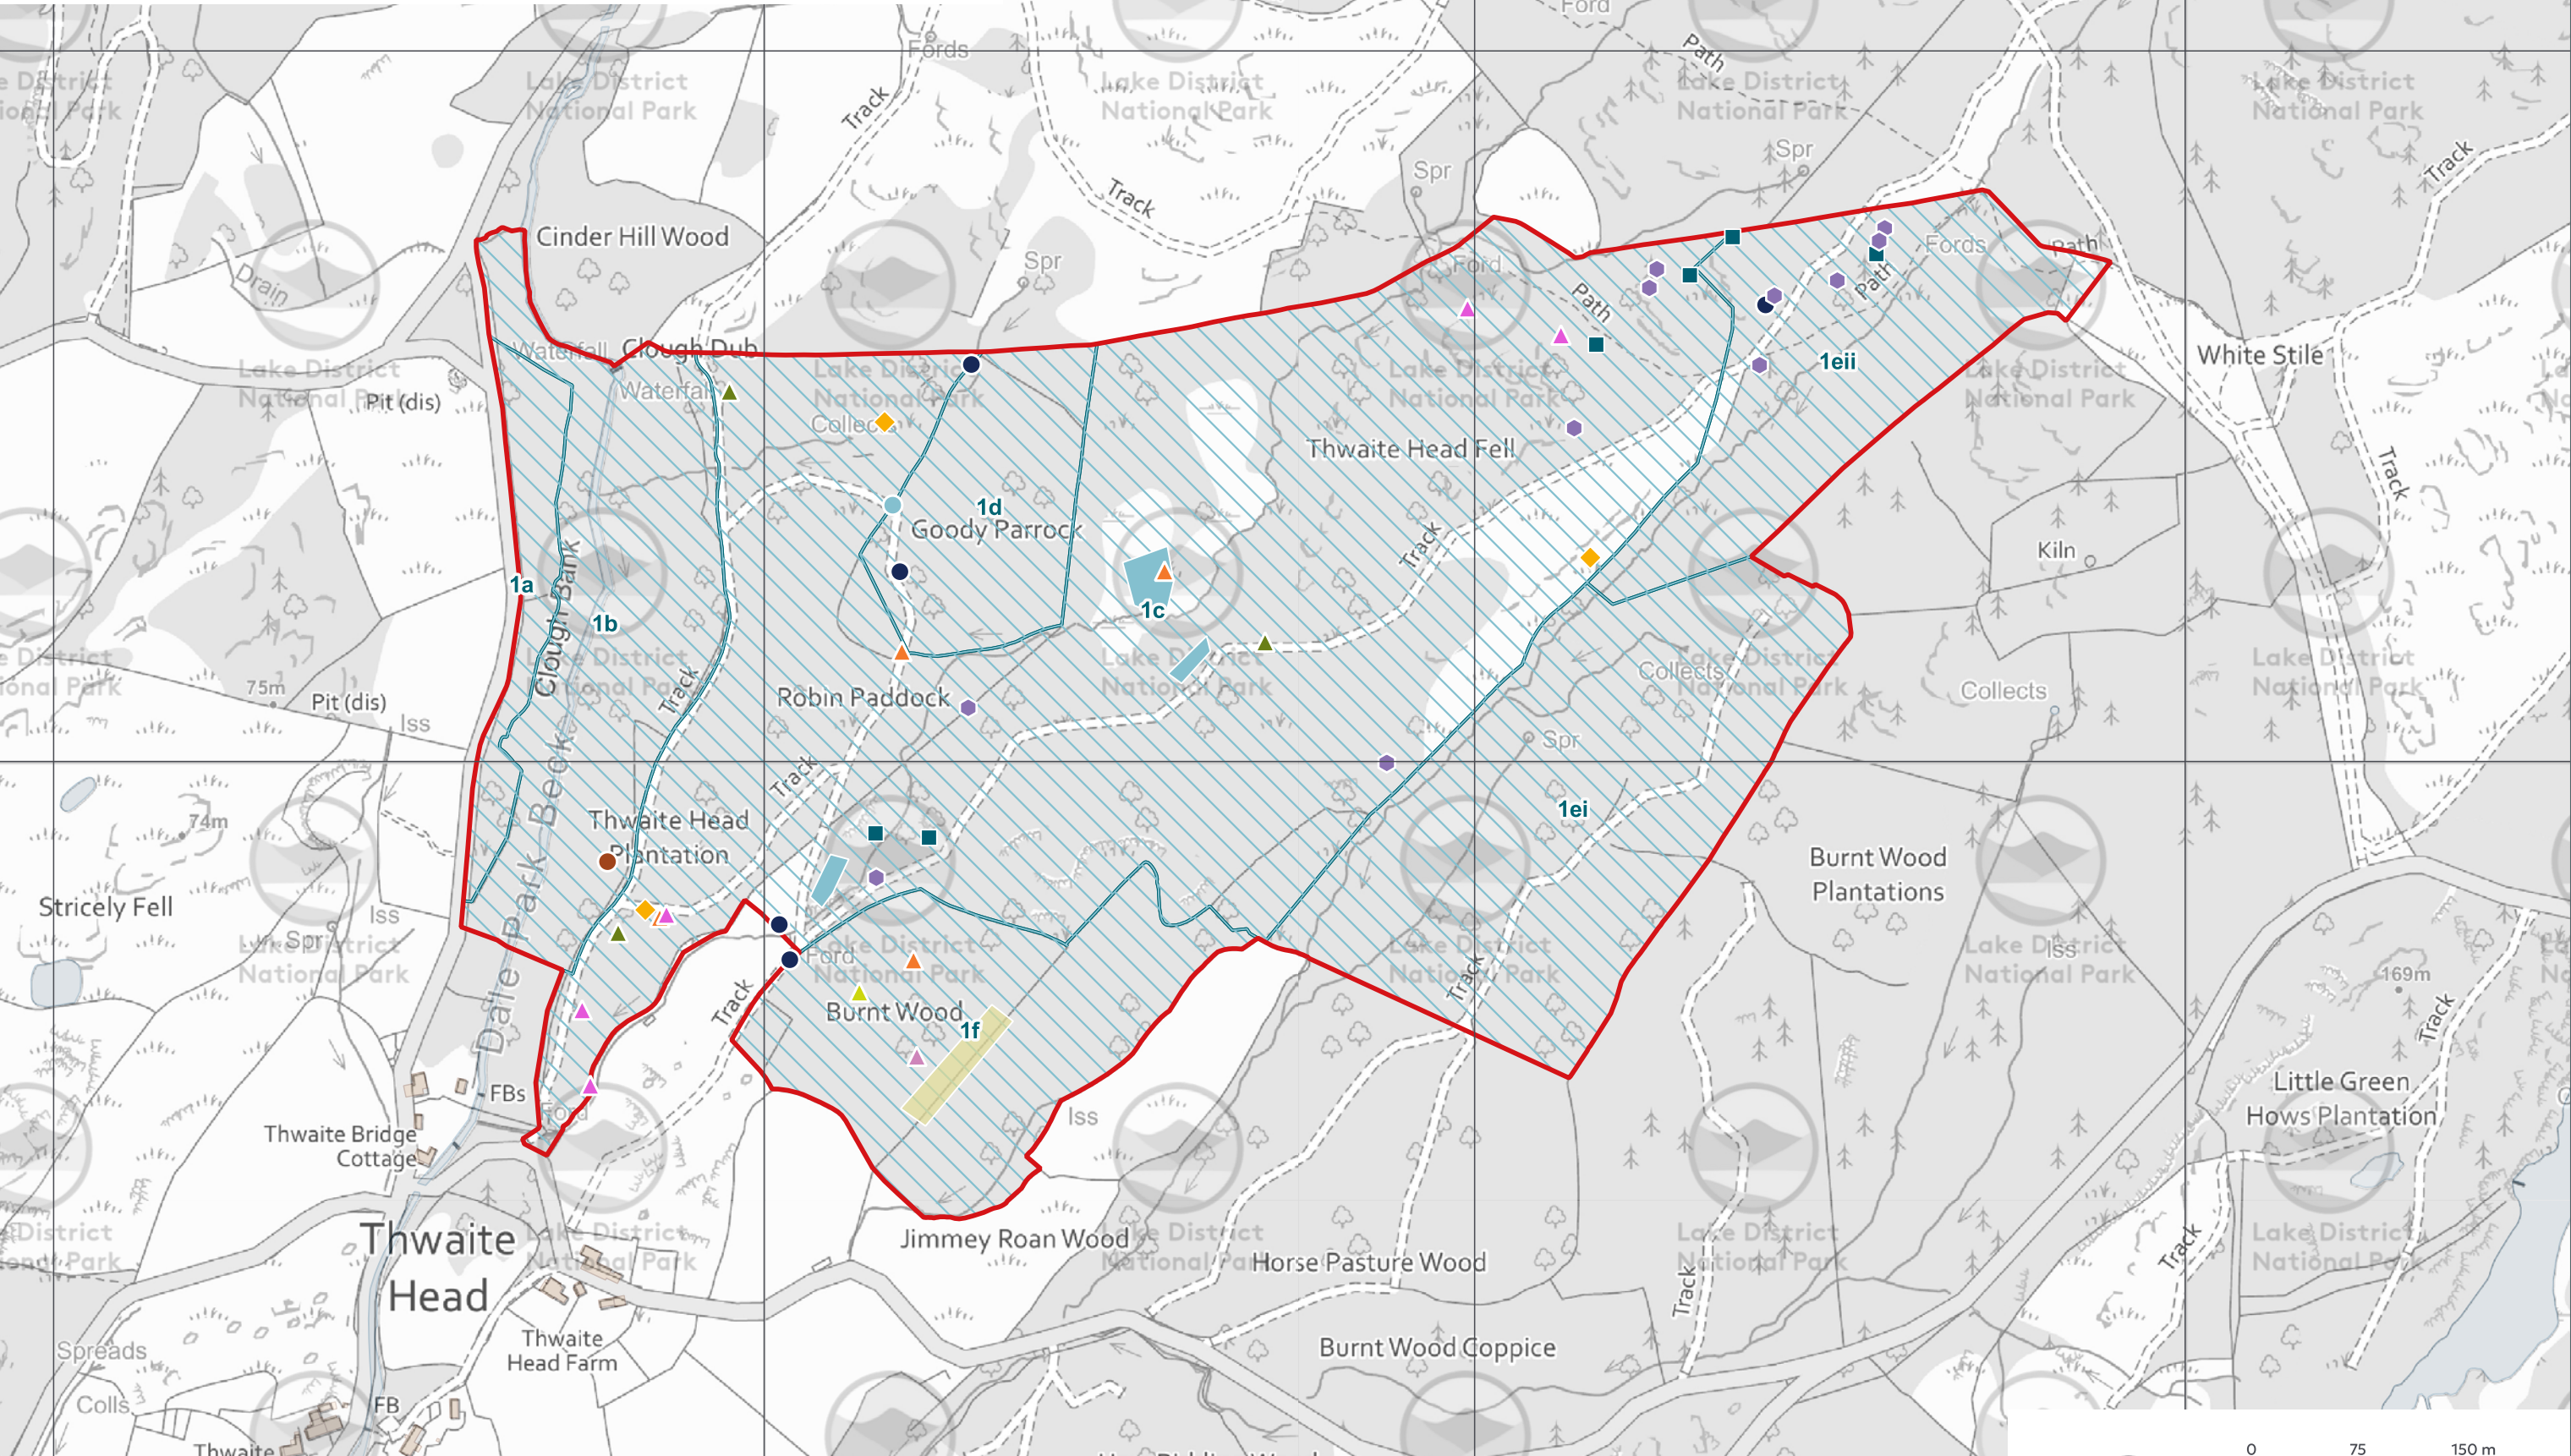

This map shows the Thwaite Head area within the Lake District National Park. A red line outlines a specific area of interest, which includes Thwaite Head Fell, Thwaite Head Plantation, and Thwaite Bridge Cottage. The map also shows various other geographical features, including Cinder Hill Wood, Robin Paddock, Burnt Wood, and several woodlands like Thwaite Head Farm, Thwaite Bridge Farm, and Thwaite Head Farm. A scale bar at the bottom indicates distances up to 300m.

This map illustrates the Strickland and Thwaite Mosses area, a Site of Special Scientific Interest (SSSI) in the Lake District National Park. The map is divided into several color-coded and hatched regions, each labeled with a number and a name:

- 3a**: Sawrey Strickland Moss, shown in orange with diagonal hatching.
- 3b**: Brew Wood, shown in yellow with diagonal hatching.
- 3c**: High Strickland Wood, shown in purple with diagonal hatching.
- 2a**: Strickland Wood, shown in orange with diagonal hatching.
- 2b**: Stony Hazel, shown in blue with diagonal hatching.
- 2c**: Strickland Spring, shown in orange with diagonal hatching.

The map also shows various geographical features and landmarks, including:

- Water Bodies**: Thwaite Moss, Strickland Moss, and several smaller ponds and streams.
- Woodlands**: High Bridge Wood, Stony Hazel, Strickland Wood, and several other smaller woodlands.
- Buildings and Structures**: Knott Cottage, Hall End, Long Mire, Force Forge Lodge, and several smaller buildings.
- Paths and Tracks**: Several paths and tracks are marked, including the Strickland Path and the Thwaite Moss Path.
- Topography**: The map shows the surrounding terrain, including the Lake District National Park and the Strickland and Thwaite Mosses SSSI.

Haverthwaite Heights: constraints - environment

This map illustrates the environmental constraints within the Haverthwaite Heights area. The site boundary is outlined in red. Various land management zones are color-coded: Deep Peaty Soils (brown), Higher Level Stewardship (purple), Ancient & Semi-Natural Woodland (orange hatched), and Ancient Replanted Woodland (yellow hatched). A network of main rivers is shown in blue. The map also includes locations for Ancient Tree Inventory (green diamonds) and Tree Preservation Orders (blue circles). Key geographical features include Lake District National Park to the west and south, and the River Ure flowing through the eastern part of the site. The map is overlaid with a grid.
