## **29/25          Modification of Definitive Map and Statement – Edgecombe House, Ravenglass, Muncaster Parish**

The Rights of Way Officer presented a report that discussed a potential modification order to alter the definitive map and statement for footpath 418036 at Ravenglass, based on evidence that this path was incorrectly depicted on the definitive map, re-aligning it to the route described in the definitive statement and actually in use.

Members talked from personal experiences with the route under discussion and felt that it was extremely unlikely that there had ever been a path where marked on the definitive map.

The Rights of Way Officer confirmed that no objections had been received during consultation and explained that a modification order must be made when evidence suggests on the balance of probabilities that the particulars of the definitive map or statement are incorrect.

The Members approved the recommendations as recorded and the Chair thanks the Officer for his extremely clear report.

**Decided:**

- a **Members agreed that we make an order altering the recorded definitive line of public footpath 418036 to the route shown C-D on the plan on page 2 of this report, in place of the current recorded route A-B, and update the description of the route within the definitive statement;**
- b **Members agreed to the confirmation of the order if it receives no sustained objections; and**
